WHY: The Twelve Traditions of A.A. resulted from a need for guidance in our growing organization. Co-founder Bill W. wrote them in the 1940s to address the various questions that arose among A.A. groups. These principles continue to provide A.A. groups with a framework for success. The Traditions provided guidelines (not rules) that would help A.A. groups then and in the future. They addressed relationships with the outside world and within Alcoholics Anonymous itself. A.A. groups continue to use The Twelve Traditions to strive toward that group ideal of unity so that the groups may continue to carry the hope to still-suffering alcoholics around the world.
